CODE AGREEMENT

This code agreement is made between the **Intelligent Perception Laboratory (IP Lab)** at the University of Science and Technology of China and the user who receives access to the code provided by IP Lab.

Repository Name: Contactless-Fine-grained-Cardiac-Events-Detection-and-Segmentation
Description: Code repository for the paper: Contactless Fine-grained Cardiac Events Detection and Segmentation with Radio Frequency Signals
Authors: Zehan Guo, Binbin Zhang, Jinbo Chen, Yang Hu, and Yan Chen

The above code repository provided by IP Lab is licensed under the **Attribution-NonCommercial-ShareAlike (CC BY-NC-SA)** license, with the following conditions:

1. **Attribution:** Users must provide appropriate credit to IP Lab's works and papers, citing the relevant publications [1], and indicate if any changes were made. This attribution does not imply endorsement by IP Lab.

2. **NonCommercial:** The code may only be used or modified for non-commercial purposes. Commercial use requires explicit permission from IP Lab.

3. **ShareAlike:** If users modify the code or create new code based on it, they must distribute their contributions under the same license.

4. **No Warranty:** The code is distributed with the hope that it will be useful, but it comes without any warranty. It is provided "as is," and IP Lab shall not be liable for any damages arising from its use.
